PROFESSIONAL EXPERIENCE

ESKIMOZ September 2024 – October 2025

Content Manager (Work-study contract) | *French SEO & digital marketing agency*

- **Website optimization:** audited client websites (crawlability, internal linking, site structure, semantics) and worked with developers to fix indexing issues, improve Core Web Vitals and deploy structured data.
- **International SEO & content:** adapted existing content to local and global search intent, optimized local/international visibility (Google My Business, geographic targeting) for international clients, including AI search (LLMs, SGE).
- **Digital analytics & reporting:** tracked KPIs (organic traffic, CTR, conversions) in Google Analytics, Search Console and Looker Studio, and adjusted strategy based on insights.
- **Content production & coordination:** managed a network of freelancers (writers, translators, graphic and motion designers, developers) to deliver content and visuals.
- **Tools:** Google Search Console, Google Analytics, SEMrush, Ahrefs, Screaming Frog, Looker Studio.

REJOLT January 2024 – June 2025

Business Developer (Final-year internship) | *B2B corporate events platform*

- **Multi-stakeholder coordination:** managed 20+ event providers per week based on briefs from major accounts (La Poste, L'Oréal, SNCF…).
- **Multitasking at scale:** handled 50+ weekly cases (customer service, booking follow-up, reminders, commercial negotiations) and a pipeline of 500+ demands, processing about 30 per day.
- **International outreach:** prospected and developed business across the EU, Americas and Middle East.

MAVILLEMONSHOPPING June 2023 – August 2023

Customer Success & Marketing Manager (Internship) | *Online platform for local merchants*

- **Content & SEO/SEA:** wrote and optimized product sheets for merchants, producing a quota of 80 services per day.
- **Communication plans:** proposed communication and visibility plans to help merchants reach their audience on the platform.
- **Onboarding & support:** guided a portfolio of 30 merchants from onboarding to autonomy in their own communication on the platform.
